Welcome to a home that feels as good as it looksâ€”bright, welcoming, and filled with spaces made for both connection and retreat. The main floor flows effortlessly, with sunlight dancing across hardwood floors and a living room that invites you to gather around the fireplace framed by custom built-ins. The kitchen is a true heart of the home, blending crisp cabinetry, quartz counters, and an island designed for conversation as much as cooking. Upstairs, the primary suite is a peaceful escape with its feature wall, walk-in closet, and spa-like ensuite. The finished basement adds even more room to stretch outâ€”perfect for movie nights, a play space, or a guest haven with its own full bath, and with plenty of space to easily create a fourth bedroom if desired. Step outside to a yard ready for summer evenings and weekend barbecues. Every corner of this home has been cared for and thoughtfully styled, offering not just a place to live, but a place to love.
